—Mr. E. M. Oulids, of the Chicago store, went to Milwaukee to-day, intending to be absent several days.

—The tickets for the Milwaukee excursion have been received, and are now for sale at Messrs. Stearns & Bak er's, and John Cunniff's.

—The returns of the census of the first and second wards of Beloit, indicate that the population of that city will reach 5,000, or thereabouts.

—Mr. B. Spooner is putting up a new tobacco shed on his farm in the first ward, his old one not being large enough to accommodate this year's crop.

—Rev. Dr. M. G. Hodge, pastor of the Baptist church, is now enjoying a short vacation, and will not occupy his pulpit in the Baptist church until the first Sabbath in August.

—Miss Pauline L. Smith, daughter of Col. and Mrs. N. Smith, of the first ward, started this morning for St. Louis, for a visit with the family of her uncle, Dr. T. F. Randolph. Miss Smith will return some time in September.

—Mr. and Mrs. Isaac Howland, of Chicago, were in the city to-day, being in attendance at Mrs. Lucy Wheeler's funeral. Mrs. Howland was Mrs. Wheeler's daughter and formerly resided in this city.

—Mr. and Mrs. Fenner Kimball leave to-morrow for a three months' trip to Fall River and Narragansett Bay. They will visit the White mountains on their way thither, and will spend the summer among old friends and acquaintances.

—Henry Burns, who was arrested yesterday for overdriving one of H. S. Ames horses, was brought before the municipal court to-day, and fined twenty dollars, and nine dollars costs. In default of payment he was given forty days to bond to appear at the county jail.

—Miss Sarah Richardson entertained a company of her friends very pleasantly, last evening, at the home of her parents, Hon. and Mrs. Hamilton Richardson. The evening was spent in progressive euchre, and the guests enjoyed themselves thoroughly.

—At the council meeting last evening a tax was levied for general city purposes of \$33,837.50, and for ward purpose \$5,350, making a total levy of \$44,237.50, \$750.00 less than the levy of last year, when the total tax was \$44,990—\$750.00 being for ward purposes.

—The San Francisco Bulletin:—"The Silver King" belongs clearly to that class of plays in which potent human motives are shown by means of vigorous and picturesque action. It is quite the best melodrama we have observed since "The Two Orphans." At the opera house this evening.

—We understand that the admission of the first ward will locate the fire station on Academy street, at the crossing with West Bluff street, just north of the rail yard tracks. This is a good location, one easy of access to the fire department, and where the station will furnish a supply of water for a great deal of valuable property in case of fire, including the tobacco warehouses.

—The water in Rock river at this point is now lower than it has been in over a year. The dam at the upper point is about all out of water, there being but a little spray going over in one place which appears to be a low place in the dam.

—Notwithstanding this fact of low water, we hear of no complaints from the mill men, all appearing happy with plenty of water to furnish power.

—Mr. J. A. Cloud, representing Messrs. J. A. Cloud & Co., engineers and contractors of New York City, is in the city in the interest of their company, on water works.

Mr. Cloud had an interview last evening with the proper authorities and the matter will probably be brought before the public in the near future. Janesville needs water works and it is only a question of time when they will be added to our attractions.

—The funeral of the late Mrs. J. P. Wheeler was held at her late home in the town of La Prairie, at two o'clock this afternoon. Rev. C. B. Wheeler, pastor of Court Street M. E. church, conducted the solemn service, which was attended by a very large number of the neighbors and life acquaintances of the deceased. The remains were taken to Oak hill cemetery for burial, the pall-bearers being Messrs. Guy Wheeler, Charles Wheeler, and Frank Wheeler, sons of the deceased, and Mr. Isaac Howland, of Chicago, a son-in-law.

—The common council did a wise thing last evening in ordering the new horse carriage. These carriages will be built with all the modern improvements in horse, each carriage having a real capacity of 1,000 feet of rubber hose. They will have the freshest a great deal of hard and disagreeable labor in caring for the hose, will be much easier on the horses, and will come in just as good service should the city will have a system of water works, as they will with the present fire apparatus. The carriages will be exactly alike with the exception of the painting, and will probably be received in the middle of the next thirty days.

—The La Crosse papers, in their accounts of Mayor Powell's Fourth of July celebration, give much credit to Miss E. Doty, who instructed the Janesville singers to know that the lady referred to, who has been engaged for six years as superintendent of vocal culture in La Crosse, was a former resident and popular music teacher of Janesville. She has been during the last week attending the United States convention of teachers at the Tonic Sol Fa method, held in Chicago, and has taken an active part in the discussions, being often referred to as a pioneer teacher of experience and culture. Miss Doty is especially desirous of her increasing success and popularity.

Flowers in the Park.

A very good example was set by those in charge of the court house park when they decorated the lower park by means of flowers. It is quite an improvement, and is fully appreciated by the people. But now that they have gone so far, why not go farther, and make the whole park a thing of beauty, and if not a joy forever, at least while it is kept in shape. Almost the first thing a visitor in Chicago is shown is the magnificent flower gardens along Drexel, South Park, and Grand boulevards, and the sight is indeed one to be proud of. Why can't the people of Janesville have some thing of that sort? It would not be, of course, on so extended a scale, but if the upper part of the park were turned into a pleasant promenade, with gravel paths bordered by flower beds, with an improvement there would be. There are no number of ladies in the city who could spare cuttings from flowering plants and shrubs. The city could, at a very small expense have the earth prepared, and even a few bright spots without paths or other improvements, would be vastly better than the present order of things. The ladies would undoubtedly be glad to furnish aids to start the garden if the city authorities would see that flowers were not stolen or broken down, and when completed the park would be a much better appearing place than it is now.

Don't take that "cocktail in the morning." If you have a "swelled head," neglected stomach, and unwholesome nerves, reaching to the "convivial party last night." The sure and safe way, to clear the bowels from the brain, recover zeal for food, and tone up the nervous system, is to use Dr. Pierce's "Pleasant Purgative Tablets." Sold by all druggists.
